ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[FRL 1439-8]

Approval and Promulgation of State Implementation Plan Revision for Michigan; Correction

AGENCY: U.S. Environmental Protection Agency.

ACTION: Final rulemaking; corrections.

SUMMARY: On December 21, 1979 (44 FR 75635) and May 3, 1979 (44 FR 25840) the U.S. Environmental Protection Agency (USEPA) published notices of final rulemaking which approved revisions to the Michigan State Implementation Plan (SIP). These revisions extended the compliance dates for the Monroe County Plant of the Detroit Edison Company and the Cobb, Karn and Weadock Plants of the Consumers Power Company. On page 75637 of the December 21, 1979 Federal Register publication and on page 25840 of the May 3, 1979 publication, the last paragraphs, amending Part 52 of Chapter 1, Title 40 of the Code of Federal Regulations, failed to contain an identification of the plans. This document corrects those omissions.

FOR FURTHER INFORMATION CONTACT: Gary Gulezian, Chief, Regulatory Analysis Section, Air Programs Branch Region V, U.S. Environmental Protection Agency, 230 South Dearborn Street, Chicago, Illinois 60604, (312) 886-6029.

SUPPLEMENTARY INFORMATION:

On page 25840 the May 3, 1979 publication should have included, in addition to the chart indicating the final compliance dates, the following information under Subpart X-Michigan:

Subpart X-Michigan

§ 52.1170 Identification of plan.

* * * * *

(c) * * *

(14) Order extending the final compliance dates for meeting the sulfur dioxide emission limitation was submitted by the Michigan Department of Natural Resources for the Karn, Weadock and Cobb Plant Units of the Consumers Power Co.

* * * * *

§ 52.1175 Compliance schedules.

* * * * *

The December 21, 1979 Federal Register publication should have included the following information on page 75637 in the paragraph amending Part 52 of Chapter 1, Title 40 of the Code of Federal Regulations:

Subpart X—Michigan

§ 52.1170 Identification of plan.

* * * * *

(c) * * *

(15) Order extending compliance date for meeting the sulfur dioxide emission limitation was submitted by the State of Michigan Department of Natural Resources for the Detroit Edison Company, Monroe County Plant on December 12, 1977.

* * * * *

§ 52.1175 Compliance schedules.

* * * * *

(e) * * *

* * * * *

Dated: March 11, 1980.

John McGuire,
Regional Administrator.

[FRL 1440-8]

National Pollutant Discharge Elimination System (NPDES); NPDES Best Management Practices Guidance Document and Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Continuation of Deferral of Effective Date and Notice of Availability of Technical Information.

SUMMARY: This notice announces the availability of the draft NPDES Best Management Practices (BMP) Guidance Document. At this same time EPA is providing a review and comment period on the Guidance Document and is continuing the deferral of the effective date of the BMP requirements.

DATES: Comments on the draft NPDES Best Management Practices Guidance Document must be received on or before [45 days from the date of publication of this notice].

The effective date of the BMP requirements continues to be deferred until EPA completes the review of comments submitted in response to this notice and announces the new effective date in the Federal Register.

ADDRESSES: Interested persons may obtain copies of the draft Guidance Document by written request addressed to the contact person listed below. Comments on the Document should be submitted to the same address.

FOR FURTHER INFORMATION CONTACT: Harry M. Thron, Office of Water Enforcement (EN-338), Environmental Protection Agency, 401 M Street S.W., Washington, D.C. 20460, (202) 426-7010.

SUPPLEMENTARY INFORMATION: EPA published major revisions to its NPDES regulations on June 7, 1979. 44 FR 32854-32958. In the June 7 Federal Register, EPA announced that most provisions of the new regulations would become effective on August 13, 1979. 44 FR 32854, 32858. One of the requirements scheduled to become effective on August 12 was Subpart K of 40 CFR Part 125—"Criteria and Standards for Best Management Practices Authorized Under Section 304(e) of the Act." Subpart K requires that applications for NPDES permits include a "BMP program" for the control of certain toxic and hazardous pollutants.

EPA stated in the June 7 regulations that technical guidance on the development of BMP programs would be provided in a publication entitled "NPDES Best Management Practices Guidance Document." See comment following 40 CFR 125.104 (b) (44 FR 32955). However, publication of the Guidance Document was delayed beyond the August 13 effective date. Therefore, on August 10, 1979, EPA deferred applicability of the BMP portions of the NPDES regulations until 60 days after publication in the Federal Register of a notice of availability of the BMP Guidance Document. 44 FR 47063. EPA today announces the availability of the draft report "NPDES Best Management Practices Guidance Document" (EPA-600/9-79-045, December 1979), and provides a 45-day comment period on the Guidance Document. Comments should address only the technical aspects of the Guidance Document since EPA previously has solicited and received comments on the BMP regulation itself. After reviewing comments, EPA will finalize the Guidance Document and publish a notice in the Federal Register announcing the effective date of the BMP regulations, 40 CFR Part 125 Subpart K.

Dated: March 12, 1980.

Jeffrey G. Miller,
Acting Assistant Administrator for Enforcement.
